

IDEA: Draw the word ART using katakana characters
Japanese syllabary

A T T
A T T

katakana characters
ㇰ (mu), ㇱ (ya), ㇾ (ca)

The original size of each character is 100x120 pixels

Every time `draw()` is run:

- > Randomize **position** of letters w/ `translate()`
- > Randomize **size** of letters w/ `scale()`
- > Randomize **thickness** of letters w/ `strokeWeight()`
- > Randomize **color** w/ `stroke()`
- * Black appears the most often, with other colors appearing less often
